

Go Outside

Three Fly's Up

What you need:

1 Ball (tennis, football, soccer, or rubber)

How To Play

One person is "IT" and starts with the ball with his back to the others playing.

Everyone else stands about 20 feet away from the IT.

When she is ready, IT throws the ball high and far back toward the group without looking.

Everyone tries to be the first to catch the ball before it bounces.

The first person to catch the ball three times gets to be the new thrower.
