

Go Outside

Corners

What you need:

Blacktop or asphalt area
Chalk

How To Play

Mark off four corners of a square in a play area. A chalked off area would be helpful on blacktop/sidewalk. One player will stand in the middle and will be "IT". The other 2-4 players will each stand in one of the different corners. The object is for the corner players to communicate which two players will switch positions without being tagged by the player in the middle. If a player is tagged, that player is the new middle player.
