

Go Outside

Five Dollars

What you need:

1 bat and ball

Outdoor field, a baseball field is ideal

How To Play

Everyone goes to the outfield except the batter. The batter hits the ball from toss or batting tee. The outfield receives points as follows: One dollar for fly catch, fifty cents for one bounce catch and twenty-five cents for the one who picks up a grounder.

The first person to receive five dollars in points bats next. Great for math skills and variations of counting help those with different learning styles.
