## Pea Shelling Race

### **What you need:**

1 packet of peas in their shells

### **How To Play**

A basket containing peas and an empty dish are placed on the distance line opposite each team. There should be at least six peas contained in each basket for every player on the team. At the signal to go the first player on each team runs forward, shells his peas into the dish and lays the six empty pods in a straight line behind the dish. Accomplishing this, he returns and tags off the next player on the team who repeats the performance of the first. The team first succeeding in shelling all of the peas and having each player's pods lined up in a straight line, wins.
