

Go Outside

Sponge Toss Contest

What you need:

2 large car sponges

4 large buckets

How To Play

Divide up into teams. You can have as many teams as you have equipment. Each team forms a line with teammates a little more than an arms length away from each other. At one end of the line is a large container of water with large sponges in it. The other end has a small bucket, which you could mark with a fill line where you want the finish point to be or just fill to the top. When signaled to start, teams are to race. The person at the large container is to throw a sponge to next teammate and that person to the next until it reaches the end of the line. The last person is to squeeze the sponge out and then run to the start of the line, dip the sponge in the large container and pass to next person. If sponge is dropped while being passed, it is to be thrown back to the start of the line and you are to continue again. The first team to fill the water past the fill line, or overflow in the small bucket, is the winner!!
